# **Citizens in Lane County encouraged to Gather to Save Kesey Square, and Break Climate Silence.**

Because they say our society has been too silent about the climate crisis, concerned citizens are invited to speak and sing at Kesey Square, on Broadway and Willamette, which is targeted by developers.

Peaceful events will begin at 3:30 PM on Friday 29 January 2016.

During the vigil organizers plan to visit nearby to Summit Bank, 96 Broadway. Their president, Craig Wanichek, is outgoing chair of Eugene Area Chamber, which has for years stayed silent about the climate crisis despite repeated community outreach. The Chamber new chair is Nigel Francisco, Chief Financial Officer of Ninkasi Brewing. Protesters encourage customers to ask Summit and Ninkasi to lead the local Chamber to finally speak out about the climate.

January 29 is a special day according according to holiday web sites such as Brownielocks. That day you are invited to peacefully celebrate "Freethinkers Day, National Puzzle Day, Seeing Eye Dog Day, and Thomas Paine Day."

Sponsored by International Association for the Advancement for Creative Maladjustment. Your group endorsement is welcome. Protest is dedicated to the memory of the late activist Peg Morton. We're round pegs facing square holes!

Plan to speak out that day? Tell us! Find our group on Facebook: LeadOn Lane!
